Subject: The "Rural North" of California as applied to selecting the final 6 Commissioners
Date: Thursday, August 6, 2020 9:35:47 PM

Dear First 8:

No doubt it's too late to get to you before you select the Final Six, but anyway:

Those Californians who live in the many counties north of Santa Rosa and Sacramento are actually a community, having in common a strong resentment against the rest of us for ignoring them in governing California. A good candidate from the North would be more helpful to your deliberations than a good candidate from Orange County.
