Dear Commissioners,

I am reaching out today to respectfully urge the eight of you to prioritize the representation of the Latino community onto this incredibly important commission. Please keep in mind *Patricia Sinay* as she would be a great addition due to her community connections across California and her impeccable strategic skills, to name a few.

There are currently no Latino commissioners, but there are a total of 7 Latinos in the pool of remaining applicants that you could select from.

Latinos are needed at tables of power like this one to voice the concerns and needs of the largest ethnic group in the state. Systemic breakdowns throughout the entire application process—from the underrepresentation of the applicant pool to the probability of random drawings—have left the Latino community shut out of this commission.

With so much at stake, and fair representation on the line, I urge all of you to keep Latino representation in mind when selecting the next six commissioners.

Warmest regards,

Vanessa Acosta
