My name is Michael Gomez Daly, I am the Director of IE United. A collective impact table located in the Inland Empire (Riverside and San Bernardino Counties). We want to congratulate you all on your selection to serve on the Committee and are very excited to be working with you through community input over the course of the next year.

We hope in your considerations for appointment, of the remaining commissioners, that Racial/Ethnic and Geographical gaps are of the highest consideration. There is an obvious lack of Latinx and East/Southeast Asian commissioners as well as huge geographical regions who are not being represented in your current make up.

Thank you for your time,
Michael
