To Whom It May Concern,

I've recently learned that Peter Blando is a finalist for the California Commission on Redistricting. I'd like to provide a recommendation on Peter's behalf.

I work with Peter at UC Davis and first met him four years ago when he mentored me as a Staff Assembly representative on our Police Accountability Board. During that year, Peter served as the voting member of the board and I was the alternative. He also was elected by the board members to serve as the Chair. His professionalism, dedication, and communication style made him an effective board member and Chair. The way he approaches a problem and looks at the whole picture is evident when he provides effective solutions.

Peter is also dedicated to the UC Davis community by serving as a member on Staff Assembly. I would highly recommend him for any committee position that he seeks as I know from experience that he makes a positive difference by serving his community.

Best regards,

Lisa
