I write in support of Angela Vazquez to serve on the Redistricting Commission. In a state with the largest population of Latinx in the country, Latinx representation on this Commission is critical.

Angela is a young leader in advocacy for vulnerable communities. Throughout her career, Angela has worked to ensure marginalized young people, like foster youth, have better access to mental health services and education supports for which they are entitled to through policy and administrative regulation analysis. In doing so, she has always worked to uplift the voices of impacted communities.

She would bring a youth voice to the commission, given her work. Her work on behalf of young people is important to consider given that 8 year olds today will be voting in elections guided by boundaries written by this commission.

Angela brings her statewide advocacy experience as well as her personal connections to the Inland Empire to the work.

She will be a great addition to the Commission.

Thank you,
Mayra E Alvarez

Good Afternoon Ms. Vazquez,

We received the following comment in support of your selection to the 2020 Citizens Redistricting Commission. Our regulations require that applicants be notified about comments that come in pertaining to them and that we give the applicant a chance to reply. Typically, we would upload this public comment to your application file and you would have five days to comment on it before it was made public. However, the first eight commissioners are currently deliberating the selection of the final six commissioners and we believe it is more appropriate to provide this comment to the commissioners this evening and make it public immediately after providing it to them. If you would like to provide a comment regarding this public comment, please do so as soon as possible but no later than 9 a.m. tomorrow morning, so that your response can be provided to the current commissioners in time for tomorrow's meeting.

If you have any questions, you may call us at our toll free number, 1-833-421-7550, or send us an email at shapecaliforniasfuture@auditor.ca.gov .
